AMSTERDAM

# Overview

Stablecon EMEA brought together over 500 industry leaders, fintech innovators and policymakers in Amsterdam to map out the future of programmable money.

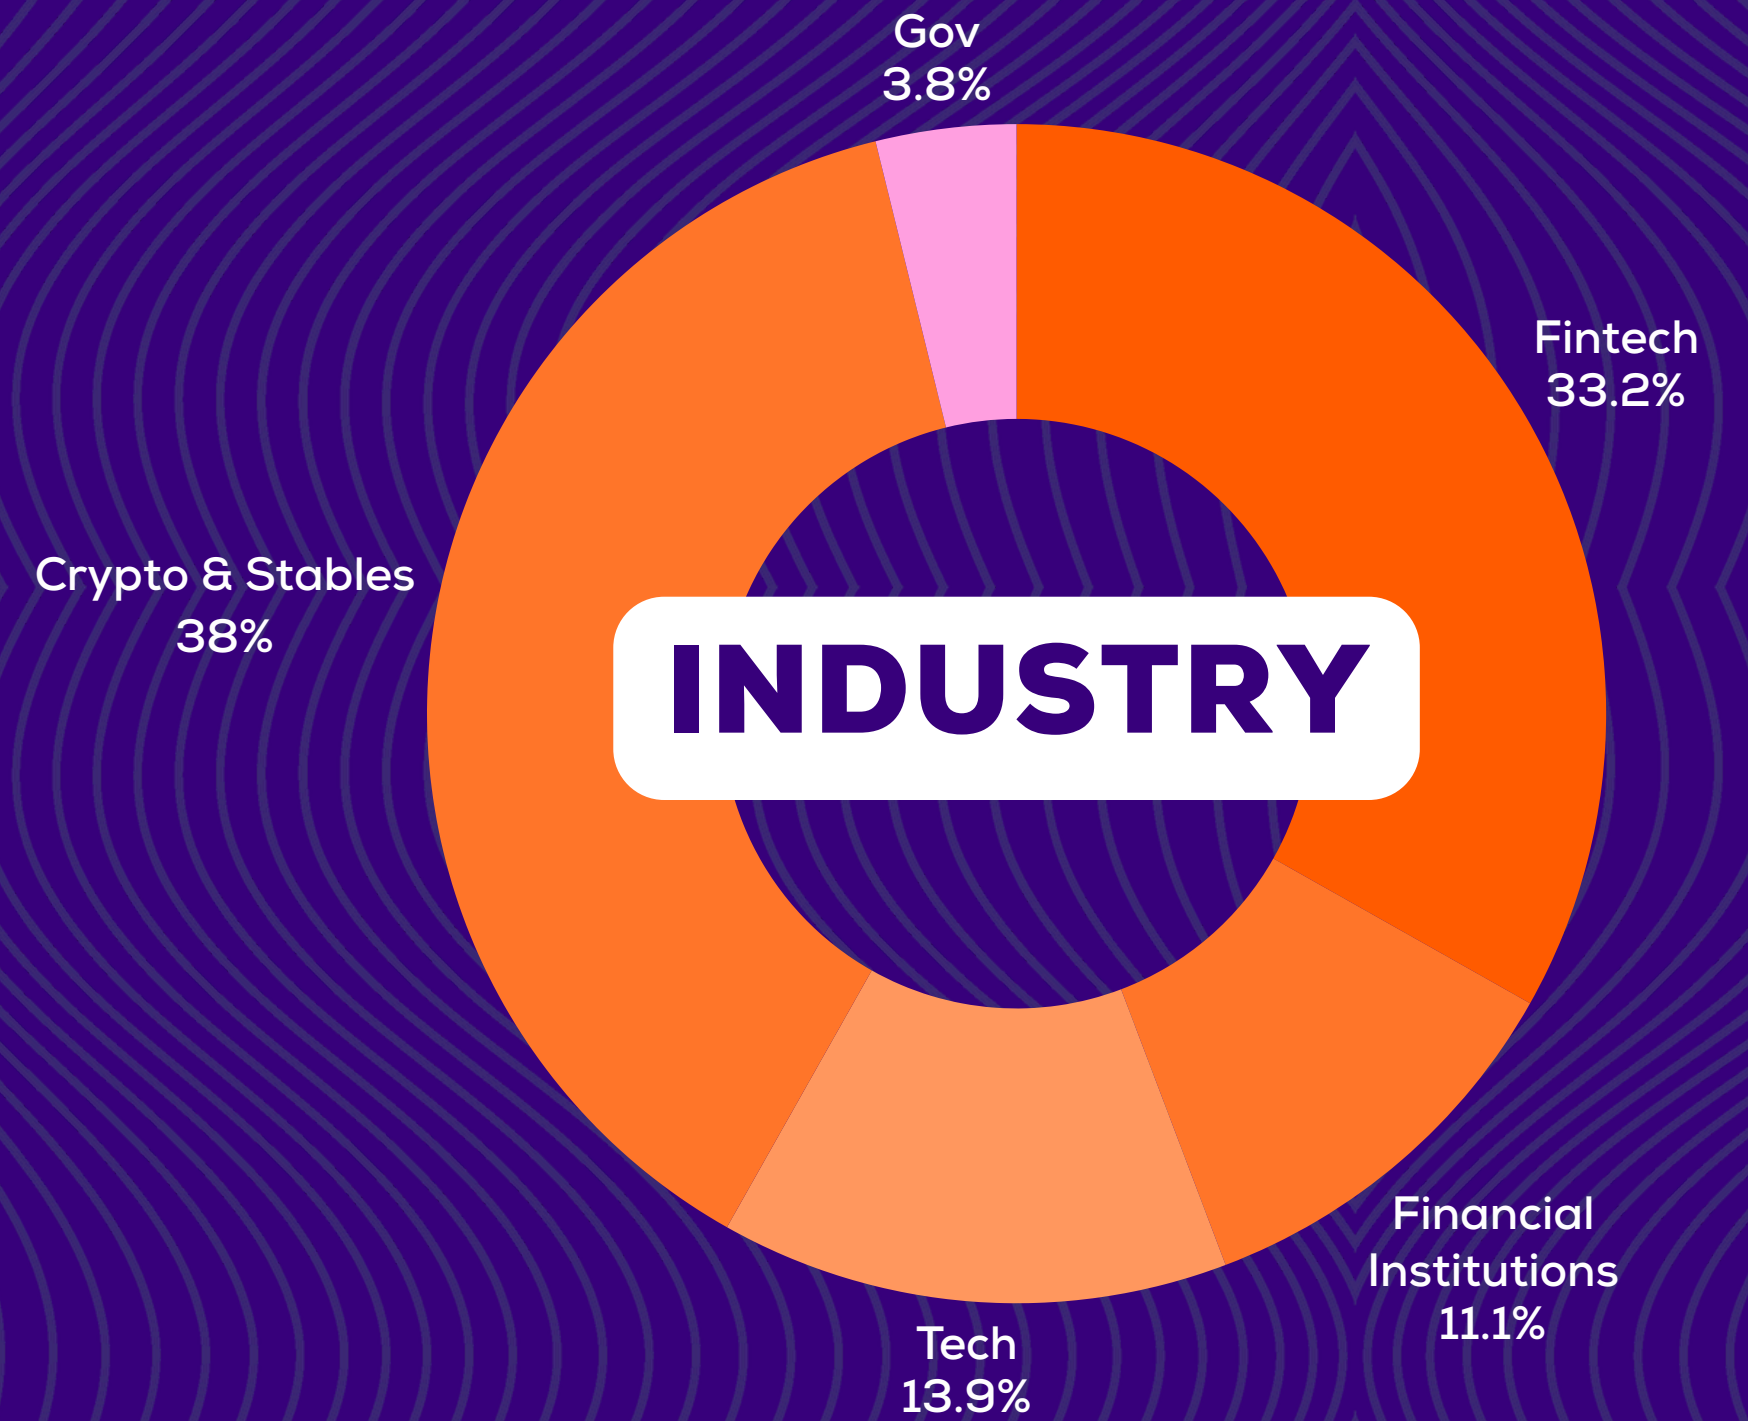

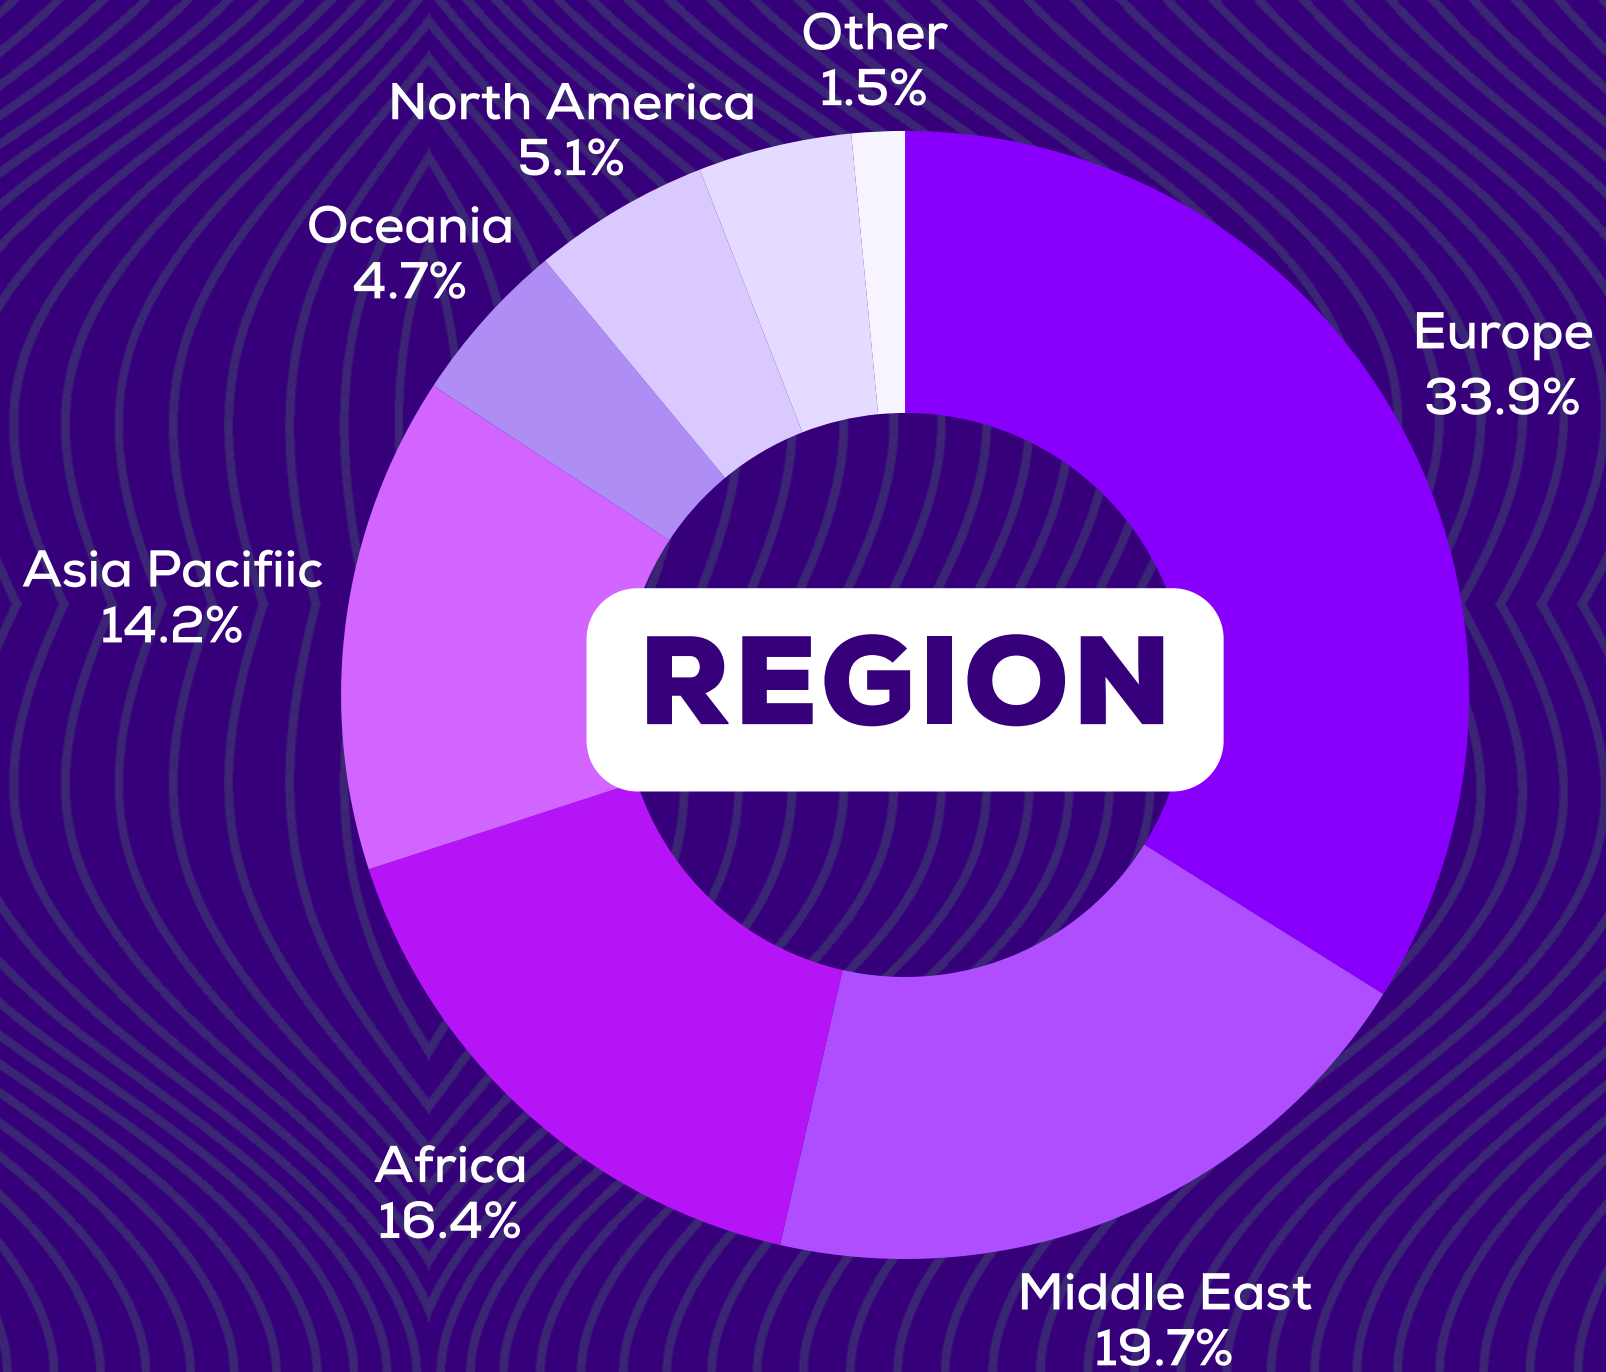

Beyond our vibrant on-site community, the event achieved massive global reach with more than 15,000 digital streams capturing our mainstage panels and deep dives. The energy was palpable throughout the venue, culminating in powerful connection-building as all 500+ attendees engaged in dedicated networking sessions and evening receptions solidifying strategic partnerships that will shape the next era of digital finance.
